Celebrating the Conclusion of AWF's 100th Anniversary Year

As AWF's momentous 100th anniversary year draws to a close, we were deeply honored to receive the Quivira Coalition's Radical Center Award for conservation. (It is fitting that the first winner of this award, back in 2007, was Curt Meine, a conservation biologist and author of the definitive biography of AWF founder Aldo Leopold.)

As the Quivira Coalition explains, the Radical Center award is given to individuals and organizations "who have shown remarkable and enduring leadership in the difficult job of working in the radical center—the place where people are coming together to explore their common interests rather than argue their differences. We believe that the radical center is where real change happens—on the 'actual landscape of the back forty' as Aldo Leopold put it."

Making a tangible positive difference on the landscape has been one of AWF's core values since its inception. Over the years, our methods have varied from ensuring that New Mexico had a state Game Warden who would fearlessly enforce hunting laws to organizing ecological restoration service projects at locations across the state. Our members come from diverse perspectives, sportsmen and scientists and environmental activists, but we share a deep commitment to conservation that has spanned generations.

AWF Board President Scial, Vice-President Kristina, and board member Bill Zeedyk were on hand to accept the award at the Quivira Coalition's annual banquet on November 14, 2014.

Aldo Leopold wrote that he hoped AWF and other associations like it would "restore to every citizen his inalienable right to know and love the wild things of his native land." One hundred years later, this vision endures, as does AWF's work to accomplish it. We are grateful for the Quivira Coalition's recognition of AWF's efforts, and hope that in the coming years, AWF volunteers will continue to be leaders in protecting New Mexico's wildlife and wild lands.

Everything AWF has accomplished has been due to the dedication of our volunteer members, so if the work we do excites and inspires you (as it does me), I hope you'll come out and celebrate with us at this month's holiday potluck, renew your membership, and maybe even nominate yourself to serve on the board! Let's make the 101st year as great as the 100th.

DECEMBER 11, 2014: Annual Potluck Banquet & Board Election

Join us for our annual holiday potluck to celebrate the holidays and another amazing year of AWF!

Thursday, December 11, 2014, 7:00 pm
Albuquerque Friends Meeting House
1600 5th Street Northwest

AWF's holiday potluck always features exciting dishes from AWF's hunters, along with vegetarian fare and delicious desserts. Please bring a dish to share and come join the celebration!

Time to renew your AWF membership!

Annual memberships expire in December, so please renew yours today! You may pay at the meeting, fill out and mail in the form on the last page of this newsletter, or renew online at <http://abq.nmwildlife.org/> Your dues pay for restoration tools and supplies and make it possible for AWF to provide snacks at meetings and meals at projects.

The holiday potluck is also AWF's official annual meeting, when members elect the board for 2015. *If you are interested in becoming more involved with AWF, we encourage you to nominate yourself for the board!* Any AWF member is eligible to serve, and board members lead the planning for monthly speakers and restoration service projects.

Directions to the Meeting:

The Albuquerque Friends Meeting House is located at the corner of 5th and Bellamah. From I-40, take the 6th street exit, then South to Bellamah.

2014 ACTIVITIES REPORT

In reviewing the archive of newsletters from years and decades past, I found that in many years, AWF's board had produced an "activities report" in December, summarizing its accomplishments for the year. These reports were wonderful time capsules that helped document the history of the organization, so I thought it would be worth resurrecting that tradition (just as we did with the newsletter's original name, the *Pine Cone*).

Herewith is AWF's activities report for its 100th year:

Ecological Restoration Service Projects

March 22, 2014 – Day project clearing brush in Los Padillas Wildlife Sanctuary, Albuquerque

April 25-27, 2014 – Riparian restoration in Cebolla Canyon, El Malpais National Conservation Area
